Importance: High

Greeting,

Please find attached a letter responding to your letter dated December 20, 2017 outlining EPA's 2015 Ozone NAAQS nonattainment designations. As you are aware, LDEQ is working with your staff to confirm an exceptional event at the Dutchtown Monitor on September 14, 2017, and is requesting for an extension of time to prove the event. In the alternative, we are requesting a designation of Unclassifiable until the matter can be successfully resolved.

A hard copy will be mailed via USPS to the Regional Administrator and shall also be placed in the proper docket. If you should have any questions, please do not hesitate to contact me.
